Treats

RIO Healthy Seeds, Natural Treat

RIO22220 - 240G

- The RIO Healthy seeds mix includes a variety of garden seeds, vegetables and field crops
- Seeds of basil, carrots, corn salad and lettuce stimulate appetite and augment digestion.
- The treat is a source of natural vitamins A, C and K, macro- and microelements, like calcium, iron and magnesium.
- The seed mix also supports the pet birds during stressful periods like moulting, nesting and recovery after illness.

RIO Wild Seed Mix, Natural Treat

RIO22230 - 240G

- The RIO Wild seeds mix is a tasty and healthy treat, which contains a variety of seeds that are the nutritional basis of many bird species in the wild.
- 16 healthy ingredients that maintain vitality and enrich the daily diet.
- Due to the small size of the seeds, this treat is perfect for budgies, canaries, exotic and wild birds.

Unique complementary food

The RIO range includes complementary feeds - essential supplements needed during periods of breeding and moulting. Our Gourmet food for medium and large parrots has no competition in the market and is produced with unique technology.
